

JAGUAR UPDATE - JUNE 14, 2019

Happy Friday to you all! We would like to share what took place on the Jaguar Team this week. To help encourage your child to share what is happening, we included some prompts to help spark the conversation. Have a great weekend!

Ask your child about:

ELA

- What they have learned from other slide shows in class this week

MATH

- Purple/Green - Their company building a bridge
- Red/Orange - How they did on the percentage test?

SCIENCE

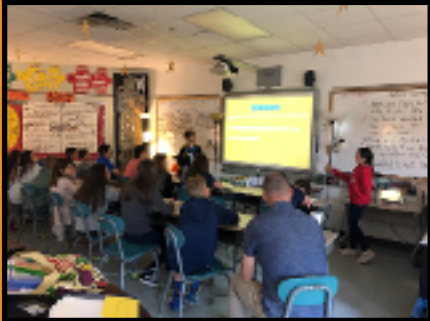

- How they are doing with their paper roller coasters (*Due June 17th, 19th for the Vulcans*)

SOCIAL STUDIES

- To show you their map from memory from the beginning and end of year

DIGITAL CITIZENSHIP

- Who they selected to be the next host of the Trillion Dollar Footprint show

Important Upcoming Events:

- **June 16th: Father's Day!**
- **June 18th: Field Day**
- **June 19th: Funtown Field Trip**
- **June 20th Jaguar Picnic Day**
- **June 21st: Last Day of School(1/2 Day)**
- **SEE NEXT PAGE FOR MORE INFO!**

Roller Coaster Project

As we wrap up our projects on Monday, students know that if they want to take them home, they need to be picked up. Projects CANNOT be brought home on the bus.

As you prepare to start your summer break, here is another reason why it is important to put away those phones!

- We will start with a team breakfast, classroom activities, and a scavenger walk to York Harbor Beach
- Forms coming home for food sign ups Monday!

Friday, June 21st - 1/2 Day, dismissal @ 11:00

Center for Wildlife

The Jaguar Team was incredible in donating more than \$467.65 to the Center for Wildlife here in York. The money was raised through a math project of dropping off pennies, nickels, dimes, and quarters into their math class jars. The first of the month marked the day when we would count up our savings and calculate a very generous interest rate and add the amount to our savings. We also generated some extra \$\$ through our fun and exciting Kentucky Derby hat day.

In the end, a great symbiotic relationship between the team, the students, and the CFW was formed. We will forever be connected!

ELA Slide Shows

Students have been sharing incredible sideshows that we have all been learning from. Today we had Meaghan and Eliza share information about Asian foods, with great elaboration about all the different types of dishes and how to prepare them. Meaghan brought in some chop sticks and taught us how to use them properly. She also made clear distinctions between Korean, Chinese, Thai, Japanese, and Indian cuisine.
