September 2022

The York School Department is happy to provide your student with a device to use for their learning experience. We are also proud to allow your student to bring this device home to extend their learning. In order to cover the costs of replacements, the School Department will be offering a Protection Plan that will cover a **one time replacement** for accidental damage, loss or theft. This includes:

- Cracks to screen or device
- Missing Keys
- Missing Power Adapter
- Lost Stylus

The premium for the protection plan will be \$26 per individual per year. The device protection plan needs to be paid before the first official day of school **August 30, 2022**. This plan will allow for a **one time** replacement of a device or accessory for the device. All other replacements will be billed appropriately. Approximate replacement costs are;

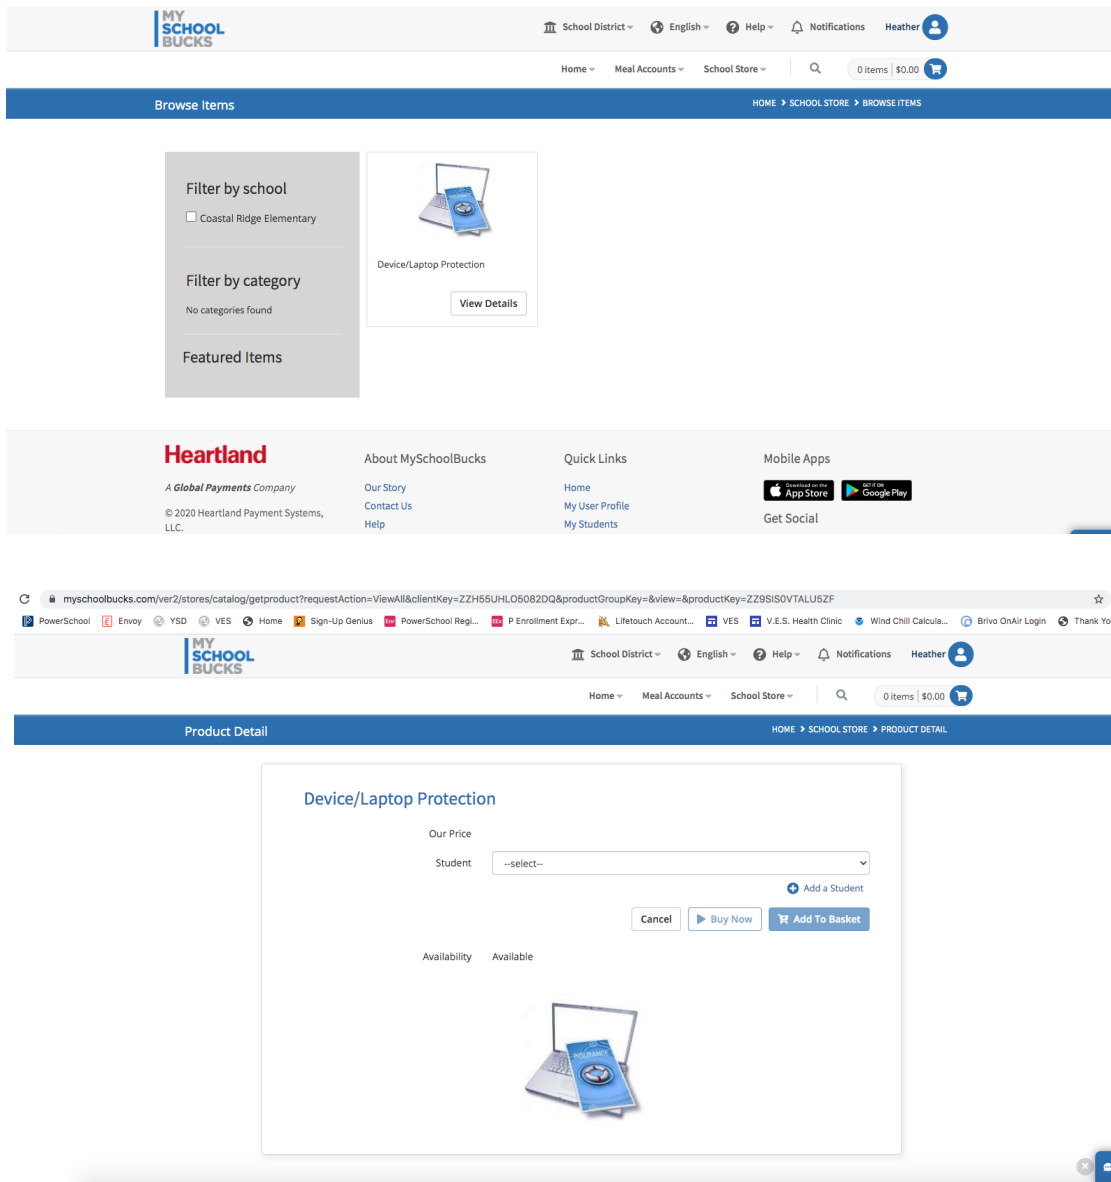

Stylus = \$15	Power Adapter = \$20	Replacement Keyboard = \$45	Shattered Screen = \$150
			

**Total loss or replacement cost is \$350**

The plan will take effect immediately and will run through the end of the school year. Please read through the [General Care and Handling of your Device](#) with your child.

Please log into [MySchoolBucks.com](https://myschoolbucks.com) to register and/or sign in to pay the \$26.00 protection fee. Click Browse items and choose Device/chromebook Protection. Choose your student: (You can find your student's id # in your PowerSchool Parent Portal account. It can be found at the top of each page.), add to the basket and check out. If you are in need of financial assistance to purchase the protection plan, please contact your building Principal. Families who are eligible for free or reduced lunch costs do not need to pay and will see a \$0 balance after registering in MySchoolBucks.

If you are in need of financial assistance to purchase the protection plan, please contact your building administration. Families who elect to not pay for the protection plan, will be held accountable for **all** fees related to any loss or damages to YSD devices.

**York Middle School**
